Dear Carol,

Thnaks for the clippings you mailed the 27th. They came today and I've read them.

There should be more so I'll not mail this immediately. Just wanted to let you know that I got them, will make copies for Jim and am glad to be kept up to date.

This is not the kind of stroy that will attfact any attention for the papers around here so none of what you sent is in them.

Perhaps John's representation by Mark is his best possibility because the more dubious John's claims the more he needs a showman who will say and do anything, regardless of anything, to create reasonable doubt. Mark is a showman and he has much experience in that line. At what he does he is effective.

Sincerely,
